CAPABILITY STATEMENT

Company Overview **Domestic Fill Finish Solutions** is a Service-Disabled Veteran-Owned Small Business (SDVOSB) based in Wake Forest, NC (Greater Raleigh Area) . We specialize in providing advanced fill-finish equipment and technical consulting to government agencies and government-funded organizations. With over 15 years of specialized experience in the pharmaceutical manufacturing sector, we are dedicated to strengthening the domestic supply chain for critical medical countermeasures and sterile manufacturing.

Core Competencies

- **Aseptic Processing Equipment:** Sourcing and supply of high-performance fill-finish machinery (vials, syringes, cartridges).
- **Technical Consulting:** Expert guidance on equipment selection, line layout, and process optimization.
- **Validation Support:** Engineering services to ensure equipment meets FDA and GMP regulatory standards.
- **Domestic Supply Chain:** Strategic focus on US-based support and resilience in biopharmaceutical production.

Differentiators

- **SDVOSB Certified:** Eligible for sole-source and set-aside federal contracts.
- **BioMaP Consortium Member:** Pre-vetted partner active in the biopharmaceutical manufacturing ecosystem.
- **Subject Matter Expertise:** Leadership brings 15+ years of direct experience with top-tier equipment manufacturers (e.g., Groninger), ensuring technical precision in every proposal.
- **Agile Response:** As a specialized small business, we provide rapid, personalized support that large prime contractors often cannot match.

NAICS Codes

- **333249:** Other Industrial Machinery Manufacturing (Primary)
- **423450:** Medical, Dental, and Hospital Equipment and Supplies Merchant Wholesalers
- **541330:** Engineering Services
- **541611:** Administrative Management and General Management Consulting Services
- **333310:** Commercial and Service Industry Machinery Manufacturing
- **811310:** Commercial and Industrial Machinery and Equipment (except Automotive and Electronic) Repair and Maintenance
